

SUMMER PROGRAMMES

JUNE 22 - AUGUST 28 2020 | FEE: \$2500 PER PROGRAMME

SUMMER PROMOTION[^]: BUY 3 GET 1 FREE

J1: Character Safari

Storytelling plays a big part in a child's journey of learning. Children will set out on a safari to explore animals and their behaviour to find out what makes them animals of good character! This five-day course immerses children in fun activities that aim at developing five character traits: respect, responsibility, perseverance, caring and courage

J4: I Make New Friends

Students learn various social skills to be a good friend. In this program, students practise using good manners, taking turns, helping and caring for each other. By learning how to be a good friend, students foster social and emotional development.

J2: Thankful Little Travelers

Based on a traveling theme, this course immerses children in a multi-sensory learning experience that aims at developing gratitude. By exploring different countries in Asia, children discover various cultural traditions and learn to appreciate their own culture and traditions as well.

J5: I Keep Trying

This module empowers students to be perseverant. Students are encouraged to be diligent when trying in sports, school, and when playing games. They will learn what it means to keep trying and not give up!

J7: I Am Responsible

Students start by learning what it means to be independent when taking care of themselves. They will learn to be responsible for their things, actions, and words, which all have consequences if they are not careful and responsible.

J3: I Am Brave To Try New Things*

Children grow in confidence when they try and then master new things. In this programme, students are exposed to a range of learning experiences including speaking to new people, purchasing items at a store, working as a team on a project and giving a presentation to the class and their parents. These learning opportunities help them grow in their courage to try new things, their independence in doing tasks and presentation skills to speak in front of others.

J6: I Know My Feelings

This module highlights the foundations of emotional intelligence. Students learn to identify, articulate and express their feelings to others, while also learning to empathise and relate to others. By learning about feelings, students deepen their understanding of themselves and enhance their interpersonal skills.

J8: I Have Manners

Students learn what it means to have manners when greeting others, saying hello, eating at the table, and also when engaging with our family. Students practise and apply having manners throughout this module through fun and games!

Dates & Timeslots		10am - 11:30am		2:30 - 4pm
